6. Make-up Work and Late Work

(1) Make-up Work

It is strongly recommended that the students inform the instructor ahead of time. The students must make up the missed quiz/test within a calendar week. Make-up work is only reserved for serious circumstances, not for lack of time to study ahead of time. Students are granted **up to three make-up quizzes** during the semester.

ROLES OF STUDENTS AND THE INSTRUCTOR:

1. Role of students

- Students should take charge of their own learning! The instructor expects that students will come to class having already thoroughly familiarized themselves with the new material (grammatical notes, vocabulary, new kanji, etc.) for the day. The student should come prepared to PRACTICE the new material, NOT to learn it from scratch. Most college courses expect that students will prepare at least two hours per hour of in-class time. This means a minimum of eight hours of preparation/homework per week for the course.
- Students should listen as much as possible to the CD-ROM accompanying the textbook so that they can understand the new material (words, phrases, and grammar) when they hear it. Students should also repeat after the CD-ROM so that they come to class already somewhat able to produce the new words, grammar, etc.
- The class will be taught mainly in Japanese so students should speak as much Japanese as possible inside and outside of class. When students have difficulty with some complicated matter, ask in Japanese, 「えいごでもいいですか。」 (“May I speak in English?”)

2. Role of the instructor

- The instructor’s role is not to teach the contents of the textbook to students from scratch, but to help students better understand the grammar, new phrases, and words that they should have already studied at home on their own. The instructor will do this by putting the new material into context, providing explanations when necessary, and guiding students through situations in which they must speak aloud.

- The instructor will do her best to be available to students before class, during regular office hours, or via email and/or telephone.

THE WAYS TO ACHIEVE GOALS IN JAPANESE LANGUAGE CLASSES:

Commitment: Students should commit as least **one hour a day** to language study.

Preparation: Students should finish the homework assignments before the class. Students are expected to come to class having thoroughly familiarized themselves with the new material for the day.

In Class Participation: Students are responsible for participation in class activities. Students should come prepared to PRACTICE the new material, NOT to learn it from scratch.

Outside the Classroom: Students should listen as much as possible to the CD-ROM accompanying the textbook so that they can understand the new material. Students are encouraged to have language partners and receive private tutorial assistance as much as possible.

POLICIES:

1. Academic Integrity

You are responsible for making yourself aware of and understanding the policies and procedures in the Undergraduate (pp. 271-272) [Graduate (pp. 24-26)] Catalog that pertain to Academic Integrity. These policies include cheating, fabrication, falsification and forgery, multiple submission, plagiarism, complicity and computer misuse. If there is reason to believe you have been involved in academic dishonesty, you will be referred to the Office of Student Conduct. You will be given the opportunity to review the charge(s). If you believe you are not responsible, you will have the opportunity for a hearing. You should consult with me if you are uncertain about an issue of academic honesty prior to the submission of an assignment or test.

If students have used outside sources in any writing, all the sources must be cited appropriately either in MLA format or in Chicago style. Outside sources include books, book chapters, journal articles, newspapers, web pages, etc.

2. Disability Policy

Students who have disabilities (physical, mental, or learning disabilities) and need special accommodations should inform the instructor at the beginning of the semester not at the middle or end of the semester. It is students' responsibility to inform the instructor of their special need(s).

3. Email address policy

The only email address that should be used for communication between WMU students and WMU faculty is the email address associated with a Bronco Net ID. This email address typically takes the form “firstname.middleinitial.lastname@wmich.edu.” An example is buster.h.bronco@wmich.edu. Students cannot automatically forward email from this address to other addresses. Students can access this email account or get instructions for obtaining a Bronco Net ID at GoWMU.wmich.edu.
