WMU is committed to gender equity and as an NCAA Division I-A member of the Mid-American Conference and the Central Collegiate Hockey Association.

WMU awarded nearly \$208 million
in financial assistance to 19,942
students in 2005-06

WMU ranks first in Michigan and second in the nation in the use of wireless computing technology on a university campus, according to a 2005 study conducted by Intel.

The Department of Health, Physical Education, and Recreation offers one of only 18 graduate level athletic training programs in the country.

My Experience

- WMU is a great learning environment
- My favorite aspect of the University is that there are so many structured activities for students to do here on campus.
- I anticipate to graduate with a degree in Athletic Training in December of 2010

The spirit that the students have for their sports team is not reflected as well during class as it is at the game.
