

## **HPER 1550 Community Health Agency Review**

Visit a community agency that focuses on health related issues and write a 1-page summary based on your observation of the following:

- A. The nature of the agency (name of agency, type of agency, population it serves, focus of health issue)
- B. Programs being delivered (what programs are being offered to the community? Where are they being delivered? Who are they impacting?)
- C. Effectiveness of their efforts in changing health behaviors.
- D. Educational background of those delivering the programs (Do they have a degree in health education?)
- E. Number of health educators that work for the agency.

**Be sure to include full name, title, email address, and phone number of the person you contacted.**
