Roy N, McGrory JJ, Tasko SM, Bless DM, Heisey D, Ford CN. Psychological correlates of functional dysphonia: An investigation using the Minnesota Multiphasic Personality Inventory. *J Voice* 1997; 11. Three observations were erroneously plotted in Figure 2. The following scatterplot is the corrected version.

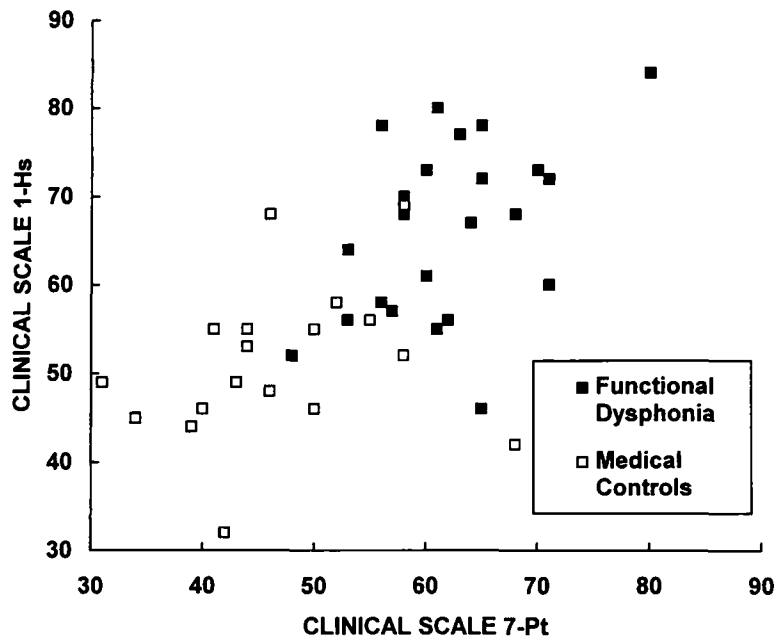

FIG 2. Scatterplot of T-Scores obtained for clinical scale 1-Hs (Hypochondriasis) and clinical scale 7pt (psyaesthesia) for subjects with functional dysphonia and medical controls. Certain individual observations may be hidden due to data overlap.
